Introduction and Mission Statement

School Mission

Empowering learners to take ownership of their educational opportunities in order to continue their lifelong development as productive, responsible, engaged citizens.

STEM Mission Statement

Our mission is to increase student achievement by engaging students in real-world science, technology, engineering, and math experiences.

STEM Vision

Our vision is to create a community of learners who think critically, solve problems, and work together to be productive and engaged citizens.

Handbook Mission Statement

The mission of the MCSC handbook is to inspire clarity and consistency for expectations of all stakeholders in order to provide a safe and successful learning environment.

Our hope is that this handbook will enable parents, students, and teachers to all be on the same page regarding expectations, policies, and procedures at Medora Community Schools.

We believe H.O.R.N.E.T.S. are...

H ard Working	Hard Working Hornets are persistent in all challenges they face.
O rganized	Organized Hornets
R esponsible	Responsible Hornets are accountable for their actions and inactions.
N ice	Nice hornets are respectful and supportive of each other.
E ngaged	Engaged hornets are eager to learn and open to new experiences.

T ruthful	Truthful Hornets are honest in all capacities of their education.
S elf Aware	Self Aware Students take ownership of their actions and emotions and know how to act upon those actions and emotions.

Academic

Academic Honesty

Hornets are Honest! Students are expected to complete their own work and cite others' work appropriately. Teachers will make every effort to teach students how to properly cite work that requires research and citations. Assignments not completed by the student, copied from another student, or plagiarized will be given a zero and are unable to be made up or redone.

Grading Scale

The grading scale for the Elementary is:

100: A+	90-91: B+	81-82: C+	72-73: D+
99-94: A	85-89: B	76-80: C	67-71: D
93-92: A-	83-84: B-	74-75: C-	65-66: D-
F 64 or below			

Retention at the Elementary

In order to adequately prepare students for junior and senior high school and beyond, elementary students will be expected to maintain adequate academic progress. This progress will be based on three factors: attendance, state standardized test score, and classroom grades. If a student does not have adequate attendance according to the Attendance Policy, does not pass their classroom core subjects, and/or does not pass their content-area standardized state test, there is the potential for retention at their current grade level the student will be in danger of being retained to repeat their grade again. Decisions regarding retention will be made in conjunction with the classroom teachers, Principal, and Superintendent, and parents.

Attendance at School

A Hornet is Responsible and Successful! Students are expected to be present and on time for school each day. If a student will be absent from class, please call the office and inform the school secretary prior to the start of the school day. If a student is absent and a parent or guardian has not contacted the school prior to 8:20 am, the contact person on file for that student will receive a phone call notifying the parent or guardian of the student's absence.

We are required by Indiana state law to know where our students are when they are not in the school building. Truancy is defined as any student who is not present at school without a valid reason and is prosecutable for both student and parent.

Attendance Procedures

Students should be in their classroom by the time the tardy bell rings at 8:15. Students who arrive at their classroom after that time will need to report to the office. Students should be finished with breakfast and in their classrooms by the tardy bell. If they are late for breakfast, a to-go option will be available.

Students who leave school during the school day must have a written notification from their parent or guardian granting them permission to leave. Students must sign out at the office.

On the day a student is going to be absent, it is the responsibility of the home to contact the school. A parent or guardian must call the school the day of the absence. If a parent/guardian does not call, the absence will remain unexcused.

Upon returning to school, students who have a note from a physician should bring the note to the office to be placed in the student's file.

No student is permitted to leave the building without permission from the Principal's office. Students leaving school grounds without permission will be considered truant.

Students who log an unexcused absence on a given day may not attend or participate in any extracurricular activities (such as games or practices) for that day unless prior arrangements are made with the office.

Students who are unexcused and do not have a parent call-in may be issued a ticket from local law enforcement for truancy.

CLASSIFICATION OF ABSENCES

Excused Absences

When an absence is classified as excused, the student is entitled to complete missed assignments or class-work and receive associated grades for completing the assignments or tests. An absence will be classified as excused for the following reasons:

1. Illness verified by a note or phone call from the parent/guardian: The parent/guardian must contact the office within 24 hours of the absence. **ONLY 3 PARENT/GUARDIAN VERIFIED EXCUSED ABSENCES WILL BE GRANTED PER SEMESTER.** All other excused absences for the semester will need to be verified by a note from a physician.
2. Illness verified by a note from a physician/therapist
3. Family funeral
4. Military connected families (e.g. absences related to deployment and return)

Exempt

Under certain circumstances, the law requires the school to authorize the absence and excuse of a student: serving as a page or honoree of the General Assembly (IC 20-33-2-14); serving on the precinct election board or as a helper to a political candidate or party on the day of a municipal, primary or general election (IC 20-33-2- 15); when subpoenaed to testify in court (IC 20-33-2-16); serving with the National Guard for no more than 10 days (IC 20-33-2-17); or serving with the Civil Air Patrol for up to 5 days (IC 20-33-2-17.2), the student is approved for an educationally related non-classroom activity (I.C. 20-33-2-17.5); the student or a member of the student's household exhibits or participates in the Indiana State Fair for educational purposes (IC 20-33-2-17.7). In each of these circumstances, the student is excused from school and is not to be recorded as absent, and is not to be penalized in any way by the school.

Unexcused Absences

An unexcused absence is any absence not covered under the definition of excused or exempt. If an absence is unexcused, any work missed (including tests) may not be made up.

UNEXCUSED ABSENCE POLICY

Unexcused absences are accumulated per semester. At the accumulation of an unexcused absence, the Unexcused Absence Policy will be followed.

First (1) Unexcused Absence	The parent is notified and informed of the attendance policy via attendance letter.
Second (2) Unexcused Absence	Parent/guardian is notified via attendance letter.

Third (3) Unexcused Absence	A parent meeting is requested.
Fourth (4) Unexcused Absence	School administration will notify the prosecutor of the county where the student lives and may contact the Department of Child Services.
Tenth (10) Unexcused Absence for the school year	School administration will notify the prosecutor of the county where the student lives and may contact the Department of Child Services.

Health and Safety

Medications in School

In accordance with Indiana State law, “A school administrator, teacher, or school employee designated by the school administrator, who in good faith administers the medication to a pupil in the presence of another adult, with the written permission of the pupil’s parents or guardian, and in compliance with the written instruction of a physician which shall be on file with the school, is not liable for civil damages as a result of the administration, except for acts or omissions amounting to gross negligence or willful and wanton misconduct.”

As a result, students are not permitted to have any kind of medications, including cough drops, in their possession. Medications should not be brought to school unless a physician’s note is on file. All medications will then be treated as prescriptions and managed by the office.

School personnel (other than the nurse or secretary) will not provide medication to students, unless designated to do so on the Medication Permission Form.

A physician’s note must be on file for ANY medication to be administered to a student during the school day. Medications will be administered in the presence of another adult.

Prescription medication must be brought in the original container and labeled from the pharmacy or by a physician.

A **Medication Permission Form** must be completed by the parent or guardian of the student and kept on file in the office.

The school nurse and secretary will be notified of any student who needs to take medication during the school day.

School Nurse

A school nurse is only available on a limited basis for first aid treatments, consultations, and health inspections. It is imperative that we are notified of any medical conditions a student has or develops, and written instructions are required for the handling of any possible emergency situations resulting from these conditions.

Head Lice

Students who are found to have nits and/or head lice shall be sent home with a note. The student must be treated with a lice killing shampoo, and every effort should be made to remove as many nits

as possible. Returning students MUST be accompanied by a parent or adult family member and will be checked before being permitted to return to class.

School Bus Conduct

Expected student conduct while on board a school bus is developed through the cooperative efforts of principals, parents, and bus drivers. School bus passengers are under the supervision, direction, and control of the school bus driver and shall be subject to the discipline of the bus driver.

In order to assure each student's safe transportation while traveling on a bus, the Medora Schools have adopted certain basic rules.

- Each pupil must be seated immediately upon entering the bus in the place assigned by the driver.
- No pupils shall stand or move from place to place during the trip.
- Loud, boisterous, profane language or indecent conduct shall not be tolerated.
- No windows or doors will be opened or closed except by permission of the bus driver.
- No pupils shall enter or leave the bus until it has come to a full stop and the driver has opened the door. Students are to enter and exit in an orderly manner.
- The child should be waiting at his boarding station when the school bus arrives. All students waiting to board a bus must stand back until the bus has stopped. All students to cross the roadway must wait for the driver's signal to cross.
- Upon recommendation of the bus driver, school authorities may deny the privilege of riding on the school bus to any pupil who refuses to conduct himself or herself in a respectable manner on the bus.
- Large items that cannot be held on a student's lap shall not be allowed on the bus. Items may not be placed in the aisle or in the driver's area. The bus driver must approve any exceptions. No pets are permitted.
- Eating, drinking, chewing tobacco, and smoking is strictly prohibited.

Students violating the above rules may receive suspension of the individual riding privileges.

The Principal or his representative will take the action of denial of riding privileges. In each case, the student will be afforded an opportunity for an informal hearing.

Before a school bus driver denies a student his/her riding privilege for violation of bus rules, he/she must follow the following procedure:

- One or more conferences with the student and the Principal.
- The Principal will recommend the disciplinary action including riding privilege for an indefinite period of time.
- In each case, the student will be offered an opportunity for an informal hearing.

Discipline and Behavior

Medora Hornets are expected to behave well in all situations. Discipline will be managed at the classroom level the majority of the time. However, behavior that does not meet the expectations that teachers and staff establish for students in their classroom will cause the student to be referred to Medora school administration for disciplinary action.

We know that each student in our care is unique. Therefore, discipline will be handled on a case-by-case basis so that all circumstances of any incident can be weighed. Disciplinary measures may include lunch detention, after school detention, in-school detention, removal of extra-curricular, parent phone calls, letters, or conferences, suspension, expulsion from school in compliance with Indiana state law, and notification of law-enforcement personnel if and when necessary.

In all areas of the school, H.O.R.N.E.T.S. are...

Bullying, Harassment, and Hazing

It is the policy of the School Board to maintain an education and work environment, which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race/color, national origin, religion, disability, or any other unlawful basis, and encourages those within the School Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated; the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.
- Filing a malicious or knowingly false report or complaint of harassment.
- Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;

- Such conduct has the purpose or effect of interfering with the individual's work or educational performance; or creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- Physical assault
- Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
- Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- Consensual sexual relationships where such relationship leads to favoritism of a student with whom the teacher or superior is sexually involved and where such favoritism adversely affects other students.

Reports and Complaints of Harassing Conduct

Members of the School Corporation community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other School Corporation official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the School Corporation community or third parties who believe they have been unlawfully harassed by another member of the School Corporation community or a third party are entitled to utilize the Board's informal and/or formal investigation and complaint processes. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. Individuals

should make every effort to file an informal or a formal complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The names and title of the Anti-Harassment Complaint Coordinators with whom complaints of sexual and other forms of unlawful harassment should be filed are Principals and/or Administrative Assistant or Superintendent of Schools.

Bullying and/or Hazing

It is the philosophy of all school personnel to provide quality and safe educational and extra-curricular opportunities for our students.

Bullying as defined by the state of Indiana in IC 20-33-8-0.2 states:

Bullying, as defined by state law, is overt, repeated acts or gestures, including:

- *verbal or written communications transmitted*
- *physical acts committed*
- *any other behavior committed by a student or group of students against another student with intent to harass, ridicule, humiliate, intimidate, or harm other students.*

This rule applies when: a student is on school grounds immediately before or after school hours, during lunch hours, any other time when the school is being used by a school group, off school grounds at a school activity, function, or event, or using property or equipment provided by the school. In addition, this rule applies when traveling to and from school or a school activity, function, or event. IC 20-33-8-13.5

School personnel will not tolerate any individual or group of individuals bullying, harassing, or hazing of a student or group of students. Therefore, it is a violation of school policy to participate in the above-mentioned actions as defined by IC 20-33-8-0.2. School personnel will aggressively and appropriately deal with these types of misconduct.

Consequently, it is essential that students who are subjected to bullying or witness to bullying report this to school administration immediately. School administration will investigate the incident promptly. Upon conclusion of the investigation, parents will be notified along with students of the interventions or disciplinary actions. Records will be kept of all incidents.

Interventions and/or discipline will be enacted to appropriately deal with reported bullying incidents. This may include various appropriate school disciplinary actions, including but not limited to student/parent conferences, mediation (peer and school) between individuals involved, anti-harassment education with school personnel, sessions with the principal and/or superintendent,

verbal warnings, and suspension or expulsion. Supportive educational initiatives may include school wide awareness programs, convocations, or other prevention-related initiatives.

Parents of students involved will be notified to participate in the process to correct and end inappropriate behavior.

If a student threatens another student, the parents of the person being threatened will be called.

Technology Code

Medora Community Schools strives to incorporate technology to support student learning and help students make connections to their local and global communities.

MSCS knows that technology can play a vital role in the classroom. As part of educating students in digital citizenship, students will understand and abide by these rules and guidelines when utilizing technology at school or with school-owned devices.

- No other device, outside of a student's school assigned chromebook, is allowed on school property without the permission of administration. If brought to school, elementary students will leave their cell phone in the locker for the entire school day.
- Students will be issued a Medora Google account with a username and password. Students are expected to have this information memorized and to protect it the way they would any other private information. Students are not permitted to attempt to access another student or teacher's account.
- Students are expected to treat school-owned technology carefully and respectfully. Food, drinks, and other liquids should be kept away from all electronics to prevent accidents, and students should not cause intentional harm to school property and devices.
- Digital security is a constantly changing field, and students are expected to behave reasonably in order to maintain that security. Hacking, intentional stealing of passwords or information, or any other type of malicious undermining of Medora's digital security will not be tolerated.
- Students are expected to be mindful of MCSC's connectivity bandwidth and use the Internet only for school-sanctioned and/or school-appropriate content.
- Students should be aware that accessing, viewing, producing, or sending pornographic materials as a minor and/or of minors is a very serious crime, punishable by jail time and other long-reaching legal consequences.
- In order to keep students accountable and to provide necessary boundaries and consequences, students who intentionally violate these rules will be subject to discipline that may include removal of technology privileges and/or referral to the appropriate law-enforcement authorities.

Policies

The following policies and procedures are in effect for all school-sponsored activities as well as any event that takes place on school grounds. All students, staff, and visitors are expected to follow these policies and procedures.

Dress Code

MCSC believes that understanding how to select clothing appropriate to a given situation is an important skill that students will need to be successful in a career or higher learning environment. Students will be expected to adhere to this dress code, regardless of gender or activity. Students who violate this code will be disciplined on a case-by-case basis.

- Students' shorts, skirts, or dresses *are fingertip length*.
- Students may not wear garments that expose their back, midriff, abdomen, or undergarments.

Students are not permitted to possess or be under the influence of drugs, alcohol, or illicit substances while on school property, including during sporting events. If a student has been prescribed a controlled substance as a medication, please refer to the Medication Policy in the Health and Safety section of this document. Medora Community Schools are tobacco-free, and this includes smokeless tobacco and electronic cigarettes.

Drug paraphernalia, lighters, and matches are also prohibited.

Search and Seizure

The Principal or the Principal's designee may search a student during a school activity if the Principal has reasonable cause for a search of that student. "Reasonable cause for a search" is defined as circumstances which would cause a reasonable person to believe that the search of a particular person, place, or thing will lead to the discovery of:

- Evidence of a violation of a law.
- Evidence of a violation of the student conduct rules and policies contained in the Student Handbook.

- A condition that endangers the health and safety of the student or others.

Searches of the student shall be limited to:

- Any object of the student's such as a purse or backpack.
- A "pat down" of the exterior of the student's clothing.

A person of the same sex shall conduct all searches. A witness of the same sex will be present during the search. When possible the parent or legal guardian shall be notified prior to the search or within 24 hours if possible after the search.

Anything found in the course of a search conducted in accordance with this section which is evidence of a violation of the student conduct rules contained in the Student Handbook may be:

- Seized and admitted as evidence in any suspension or expulsion proceeding if it is tagged for identification at the time it is seized and kept in a secure place by the Principal until it is presented at the hearing.
- Returned to the parent or legal guardian of the student from whom it was seized.
- Destroyed if it has no significant value, or
- Turned over to any law enforcement officer.

Search Dogs

Specially trained dogs may be used to detect the presence of drugs or devices such as bombs on school property.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the owner may lawfully possess the items. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed.

The Principal shall promptly record in writing the following information for each search pursuant to this policy:

- The information upon which the search was based.
- The time, date, location, students, or places searched, and persons present.
- A description of any item seized and its disposition.
- The time and date of notice to the parent or guardian in the case of the search of the person of a student.

Weapons and Firearms

Firearms and weapons of any kind jeopardize the safety of students and staff at school. A student found to have a weapon in their possession or vehicle will face consequences deemed appropriate by school administrators and local law enforcement. Students are also prohibited from bringing any toy weapons onto school grounds, or constructing and bringing an artifact that can be used as a weapon. Any reenactment or gestures of violence are also prohibited.

Visitors

Visitors to Medora Schools will need to first sign in at the front office. Visitors must be accompanied by a staff member while they are on school property.

Visitors who will be unaccompanied and Field Trip chaperones must submit to a complete background check before they will be permitted to be unsupervised with students.

E-Learning Policy

Medora STEM Academy may use E-learning days on days with inclement weather or other days that would cause school to be canceled. MCSC staff will have student lessons and assignments uploaded to their Google Classroom by 8:15 am. All assignments will be due the following day unless otherwise noted by the teacher. The Late Work Policy will apply to E-learning assignments.
